Walker[®] OE Technology direct to the Aftermarket

Tenneco is a world leading supplier to OE manufacturers. Our advanced technology position and market-leading engineering and development capabilities help bring the most innovative products to aftermarket customers.

1963: Walker[®] pioneers catalytic converter technology

80's: Walker[®] catalytic converters introduced in OE and shortly after in the Aftermarket

90's: Walker[®] develops the first DPF

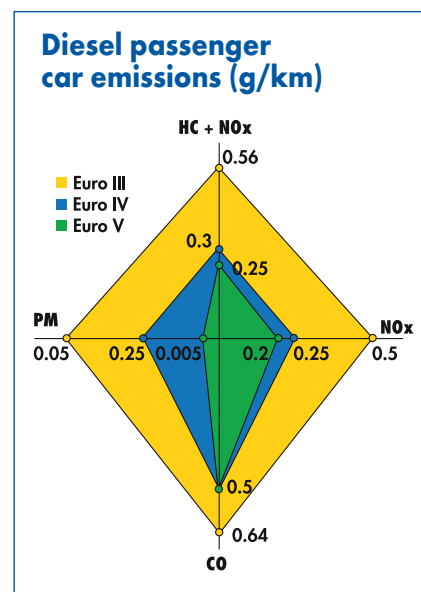

2000: Walker[®] starts regular supply of DPFs to OE production

2008: Walker[®] announces the launch of the Original DPF to the Independent Aftermarket

2014: Walker[®] announces the launch of the EVO S & EVO C DPF to Independent Aftermarket

Protecting the environment

Tenneco provides emissions control technology and products to help our original equipment customers meet increasingly stringent emissions regulations worldwide. Throughout the vehicle lifecycle, we continue to provide emissions solutions with our Aftermarket emissions control product line, including the new Walker[®] Evolution DPF range.

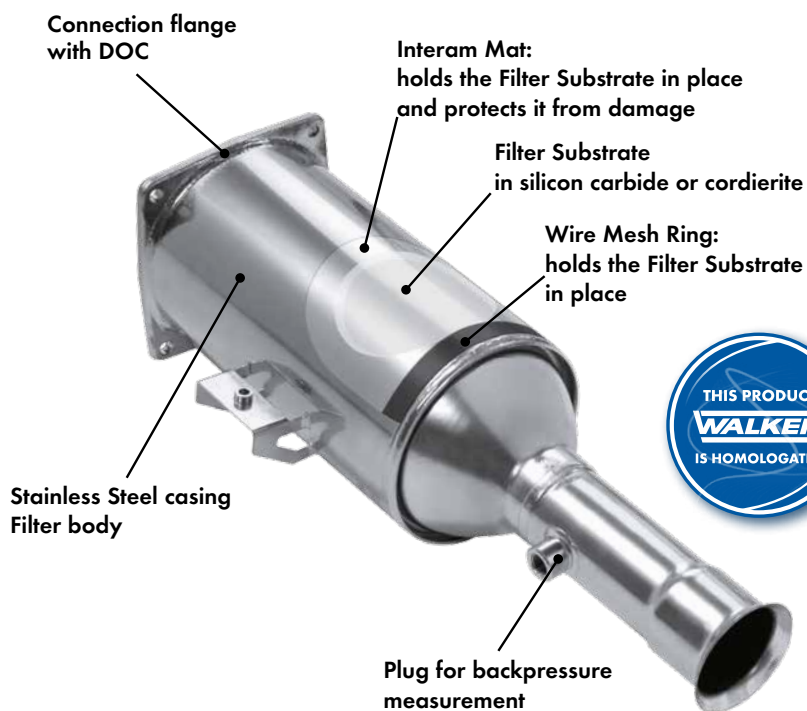

Reasons to Choose Walker® Evolution DPF

- Walker® is the first on the AM market to offer the complete service: DPF, Catalytic Converter, Eolys Additive, and Reset support.
- The technology used in Walker® products meets the OE quality of Tenneco's existing product expertise.
 - Designs tuned to the OE preferred regeneration strategies
 - Alternative Aftermarket Design available too
 - Filtration efficiency > 95%
 - Use of high temperature filter material
 - Canning technologies for all filter types
- Tenneco is one of the first in OE to offer the DPF technology for all car brands.
- Walker® has complete emissions system engineering competencies and know-how and with the DPF, and with the DPF Evolution range has completed the product range of its Aftermarket Emissions Control program.
- Walker® has a high quality range of products for installers and for the whole Exhaust Line

**When replacing a DPF, always check the status of the catalytic converter.
Replace the DPF and catalytic converter together.**

Walker® Evolution DPF for Aftermarket

A Diesel Particulate Filter (DPF) is a device designed to remove diesel particle matter or soot from the exhaust gas of a diesel engine.

**Efficiency 95%
or higher**

Advantages

- Designs tuned to the OE preferred regeneration strategies
- Filtration efficiency > 95%
- Use of high temperature filter material
- Canning technologies for all filter types
- In production since 2000
- Walker® has the capabilities to engineer a complete emissions control system

WALKER®

DPF EVO S

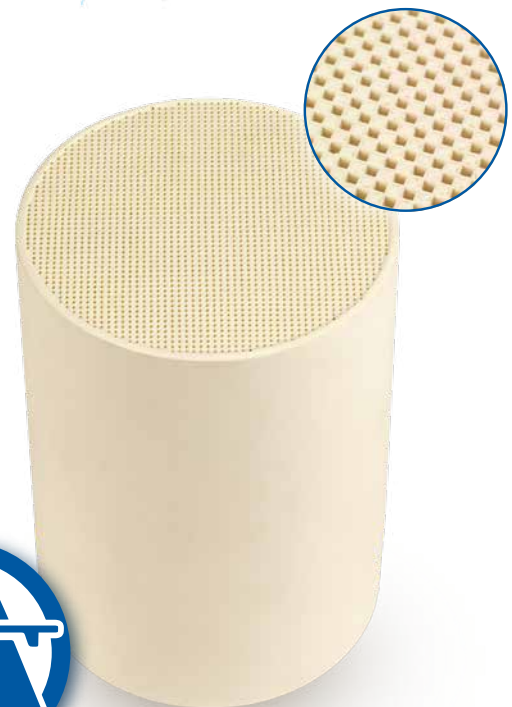

- New DPF
- Homologated DPF
- Silicon Carbide (SiC)
- More than 50 references
- More than 1.000 Ktypes covered
- More than 15 Millions cars covered
- **Recommended for:**
 - High performance cars
 - Urban-city driving
 - Taxis

WALKER®

DPF EVO C

- New DPF
- Homologated DPF
- Cordierite
- **Recommended for:**
 - Well serviced old cars
 - New cars
 - Mainly highway driving

WALKER[®]

Replace DPF with a new unit
following OE service manual

EOLYS®

Solvay has been involved in the development of over a hundred applications. The Group develops solutions for its partners – major OEMs and component manufacturers.

EOLYS® by Solvay, the best solution for regeneration.

Once collected in the filter, the particles need to be eliminated to prevent it from blocking up and ceasing to function. The only way to destroy them is to burn them. The active ingredient of the EOLYS® fuel-borne catalyst is continuously delivered to the soot particles collected in the filter. The EOLYS® system makes it possible to completely, quickly and regularly burn out these particles at a lower light-off temperature without compromising the long-term integrity of the filter. Filter regeneration only takes two to three minutes and happens automatically every 500 to 1.000 km.

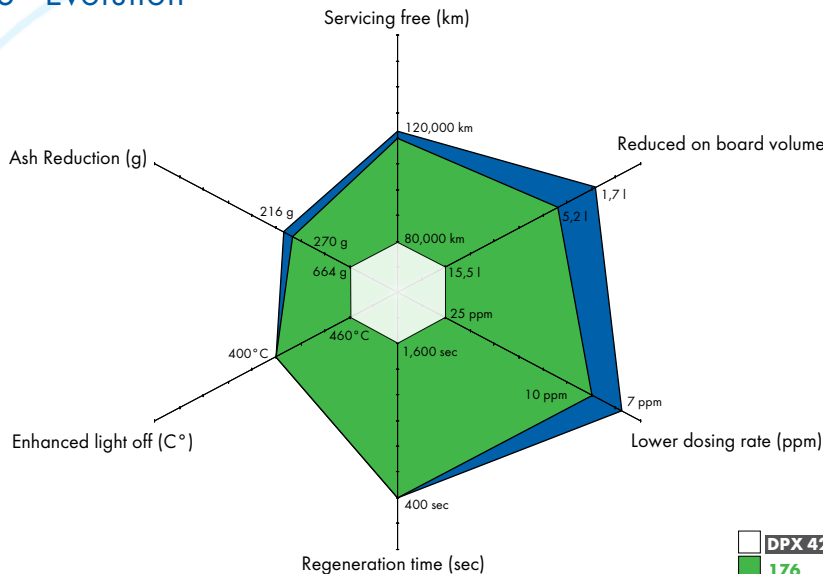

EOLYS POWERFLEX® by Solvay, the best solution for regeneration.

Walker® was offering you the 2 Eolys® DPX42 and 176 (both in 2 packaging). As of today, Walker® has extended his range with the new Eolys Powerflex® (also from Solvay). Powerflex® is working like Eolys® DPX42 and 176 but on top of helping the DPF regeneration, the new Eolys® is improving **Engine Performance Efficiency** by optimizing the **Power efficiency**, controlling the **NOx/PM engine-out stability** and providing **Biofuels flexibility**.

EOLYS® Evolution

The 3 Eolys® are not mixable or compatible with each other

EOLYS® application

GB IMPORTANT FACTS ABOUT WALKER EXHAUST SYSTEMS
F INFORMATION IMPORTANTE CONCERNANT LES SYSTÈMES D'ÉCHAPPEMENT WALKER

- GB**
- According to the European law, all converters and silencers installed within the European Community borders have to be homologated.
 - Consequently, Walker converters and silencers are fully homologated to European Directive 70/157/EC, their subsequent updates and according to ECE-R103.
 - This will guarantee the end user / installer that the unit being installed is equal in back pressure, noise levels, fit and function to the original equipment (O.E.) version designed by the vehicle manufacturer.
 - The homologation code can be found in the lower housing of the converter or silencer. Configuration, position and size of the code are always according to the specific criteria defined by the European Directives.
 - The homologation documents for each Walker converter or silencer can be provided should the Technical Vehicle Inspection (MOT) require them.

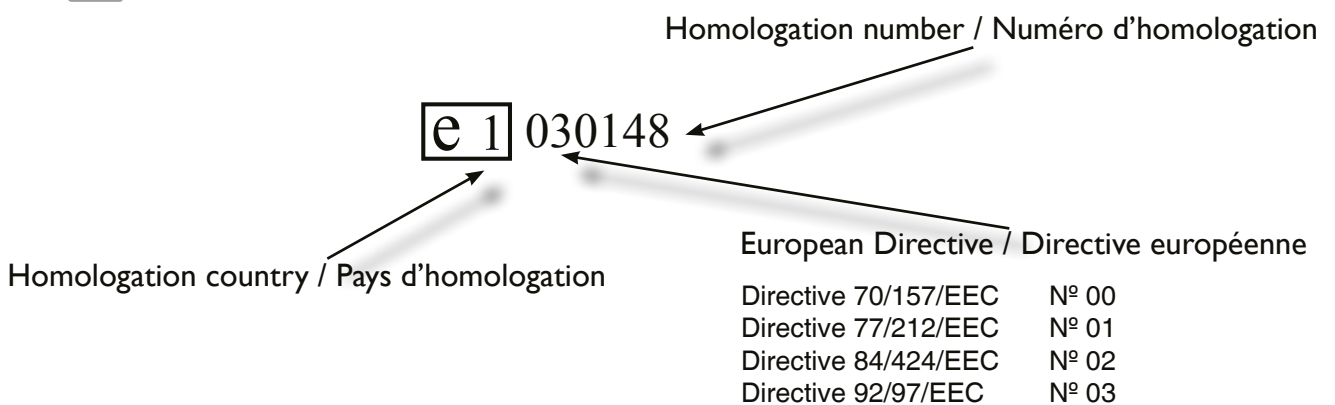

- F**
- Conformément à la loi Européenne, tous les catalyseurs et silencieux installés au sein de la Communauté Européenne doivent être homologués.
 - En conséquence, les catalyseurs et silencieux Walker sont officiellement homologués et répondent pleinement à la Directive Européenne 70/157/EC, et à ses mises à jour, conformément au ECE-R103.
 - Cela garantit à l'utilisateur final/ installateur que la pièce installée est de qualité équivalente - en termes de contre-pression, niveau sonore, montage et fonctionnalité - à la version d'équipement d'Origine (OE), développée par le Constructeur automobile.
 - Le code d'homologation se trouve sur la partie inférieure du catalyseur ou du silencieux. La configuration, position et taille du code respectent dans tous les cas le cahier des charges défini par les Directives Européennes.
 - Les documents d'homologation de chaque convertisseur catalytique ou silencieux Walker peuvent être fournis, dans le cas où le Contrôle Technique l'exige.

GB How can a homologated converter and DPF be recognized ?

(D) WICHTIGE FAKTEN ÜBER WALKER ABGASANLAGEN
(NL) BELANGRIJKE FEITEN IVM WALKER UITLAATSYSTEMEN

- (D)**
- Nach Europäischem Recht müssen alle Schalldämpfer und Katalysatoren, welche innerhalb der europäischen Grenzen im Einsatz sind, eine Betriebserlaubnis haben.
 - Konsequenterweise werden alle Schalldämpfer nach der EG- Richtlinie 70/157 und alle Katalysatoren nach ECE 103 R geprüft. Die Messungen erfolgen nach dem jeweils gültigen Richtlinienstand.
 - Dies garantiert der Werkstatt und dem Fahrzeugbesitzer, dass das Ersatzteil, in Bezug auf Gegendruck, Lautstärkepegeln, Passgenauigkeit und Funktion, gleichwertig zu dem Originalteil des Fahrzeugherstellers ist.
 - Die Nummer der Betriebserlaubnis befindet sich auf der Unterseite des Schalldämpfers oder Katalysators. Die Art, Position und Größe dieser Nummer entspricht den Anforderungen der EG- Richtlinie.
 - Alle Unterlagen für die Betriebserlaubnis der Walker Schalldämpfer und Katalysatoren sind verfügbar, sofern der technische Prüfdienst (TÜV) diese benötigt.

- (NL)**
- Volgens de Europese Wetgeving moeten alle katalysatoren en uitlaten die binnen de grenzen van de Europese Unie gemonteerd worden een homologatie hebben.
 - Bijgevolg, zijn alle Walker katalysatoren en uitlaten volledig gehomologeerd overeenkomstig de Europese Directieve 70/157/EC en opeenvolgende aanpassingen ervan en overeenkomstig ECE-R103.
 - De eindgebruiker / installateur krijgt hierdoor de garantie dat het te installeren onderdeel qua back pressure, geluidsniveau, correct passen en functioneren identiek is aan het origineel onderdeel (O.E. versie) van de autofabrikant.
 - Het homologatienummer vindt men onderaan de behuizing van de katalysator of de uitlaat. De configuratie, positie and afmetingen van het nummer voldoen steeds aan de specifieke criteria zoals bepaald door de Europese Directieven.
 - De homologatiedocumenten kunnen voor elke Walker katalysator of uitlaat ter beschikking gesteld worden mocht de Technische Autocontrole erom vragen.

STOCK CODE - CODE DE STOCK - LAGERSCHLÜSSEL - MAGAZIJN-CODES

(GB) The **stock code** aids customers in efficient stock handling. These codes are independent of the serial number. The following numerical codes are used on the exhaust system labels and in the catalogue illustrations.

(F) Le **code de stock** aide les clients dans leur utilisation efficace de l'espace et de la manipulation de stock. Ces codes sont indépendants du numéro de série. Le code numéro suivant figure sur l'étiquette et dans les illustrations du catalogue.

(D) Die **zweistelligen Lagerschlüssel** ermöglichen dem Kunden eine raumsparende, rationelle Lagerhaltung. Sie sind unabhängig von der Artikel-Nummer. Die nachstehend aufgeführten numerischen Schlüssel-Nummern sind auf den Teile-Etiketten und auch bei den Katalog Abbildungen angegeben.

(NL) De **magazijn-codes** maken het mogelijk ruimtebesparend en efficiënt gebruik te maken van de opslagruimten bij de voorraad behandeling.

Deze codes staan onafhankelijk van het serienummer. De achterste codes staan zowel op het uitlaatsysteem etiket als in de illustraties Text in de catalogus vermeld.

**GB Warranty terms Walker exhaust parts** (valid only in EU countries)

Walker warrants its products, to its customers, against defect in workmanship and materials, including abnormal wear and tear, upon the following terms and conditions:

Product	Duration
Walker	2 years from purchase by original end-user

Walker's warranty will not apply to its products following the sale by the original end-user of the relevant vehicle and will be limited to the replacement of the defective product.

Excluded from warranty are:

- Exhaust parts fitted contrary to application information in the Walker catalogue or its subsequent amendments.
- Exhaust parts which have been modified or damaged by incorrect mounting or incorrect use of the vehicle, contrary to the car manufacturer's specifications or Walker's.
- Exhaust parts damaged by mounting on an other car than as indicated in the Walker catalogue or its subsequent amendments.
- Premature wear-out caused by re-use of damaged mounting parts such as: rubber mountings, clamps, gaskets, gasket rings, connection pipes, special bolts, springs, etc.
- Damages caused by an accident or impact from a foreign object (like speed bumps, stones etc.)
- Exhaust parts damaged while used in rally or racing sports.
- Reconditioned or recycled exhaust parts.
- Defects caused by lack of maintenance or maintenance improperly executed on the vehicle.
- Premature wear-out caused by the use of non-EU approved fuels

The warranty program will be administered by the installer, who will investigate each claim and provide the distributor with all relevant information concerning warranty claims such as:

- | | | |
|-------------------------------|-------------------------------|-------------------------|
| - consumer's name and address | - fitting or sales dates | - exhaust part number |
| - vehicle identification data | - proof of purchase documents | - description of defect |

F Conditions de garantie des pièces Walker (valable uniquement dans les pays de l'UE)

Les produits Walker sont garantis contre tout défaut de fabrication ou de matière, y compris l'usure anormale, selon les conditions suivantes :

Produit	Durée de garantie
Walker	2 ans depuis l'achat par le client final

La garantie des produits Walker ne s'appliquera pas à la suite de la revente du véhicule de l'acheteur initial et sera limitée au remplacement des pièces défectueuses.

Sont exclus de la garantie :

- Pièces d'échappement ayant fait l'objet d'un montage non conforme au manuel d'application du catalogue Walker, ou ses conséquences ultérieures.
- Pièces d'échappement qui ont été modifiées ou endommagées par un montage incorrect ou une utilisation inappropriée du véhicule et non conforme aux caractéristiques du constructeur automobile ou de Walker.
- Pièces d'échappement ayant été montées sur un véhicule différent que celui indiqué sur le catalogue Walker ou ses conséquences ultérieures.
- Usure prématurée causée par la réutilisation de pièces de montage telles que : bagues en caoutchouc, attaches, joints, rotules, tubes de connexion, boulons spéciaux, ressorts, etc...
- Dommages provoqués par un accident ou par l'impact d'un objet extérieure (comme des dos d'ânes, des pierres etc.).
- Pièces d'échappements endommagées par l'utilisation en rallye ou toutes manifestations sportives.
- Pièces d'échappement reconditionnées ou réutilisées.
- Défauts provoqués par un manque d'entretien ou un entretien incorrect du véhicule.
- Usure prématurée causée par l'utilisation de carburant non approuvé par l'UE.

Le programme de garantie sera géré par l'installateur qui étudiera chaque réclamation et fournira au distributeur toute information appropriée concernant la demande de garantie, telle que :

- | | | |
|--|-------------------------------|--------------------------------|
| - Nom et adresse du client automobiliste final | - Date de vente ou de montage | - N° de la pièce d'échappement |
| - Identification du véhicule | - Documents de preuve d'achat | - Description du défaut |

GB WARRANTY - F GARANTIE - D GARANTIE - NL GARANTIE
D Garantiebedingungen für Walker Abgassysteme (ausschließlich in der EU gültig)

Walker bietet seinen Kunden für seine Produkte gemäß folgenden Bedingungen eine Gewährleistung für Mängel in der Ausführung und der Materialien, einschließlich ungewöhnlicher Verschleißerscheinungen:

Produkt	Dauer
Walker	2 Jahre ab Kauf durch den ursprünglichen Endnutzer

Die von Walker für seine Produkte übernommene Gewährleistung gilt nicht nach dem Verkauf des betreffenden Fahrzeugs durch den ursprünglichen Endnutzer und ist auf den Austausch des mangelhaften Produkts beschränkt.

Von der Garantie ausgeschlossen sind:

- Teile von Abgasanlagen, die anders eingebaut sind, als in den Anwendungshinweisen im Katalog von Walker oder den nachträglichen Katalogänderungen vorgesehen.
- Teile von Abgasanlagen, die verändert oder aufgrund nicht korrekter Montage oder Nutzung des Fahrzeugs entgegen den vom Fahrzeughersteller oder Walker festgelegten Spezifikationen beschädigt wurden.
- Teile von Abgasanlagen, die durch den Einbau in ein anderes Fahrzeug als im Katalog von Walker oder den nachträglichen Katalogänderungen angegeben, beschädigt wurden.
- Vorzeitiger Verschleiß infolge der Wiederverwendung beschädigter Einbauteile, wie z.B.: Gummitteile, Schellen, Dichtungen, Dichtungsringe, Verbindungsrohre, Spezialschrauben, Federn usw.
- Schäden infolge eines Unfalls oder Einfluss von Verkehrsberuhigungsmaßnahmen (wie Bodenschwellen, Steine oder ähnliches.)
- Teile von Abgasanlagen, die während einer Rallye oder Rennsportaktivitäten beschädigt wurden.
- Überholte oder wiederverwertete Teile der Abgasanlage.
- Mängel infolge unzureichender oder unsachgemäß durchgeführter Wartung des Fahrzeugs.
- Vorzeitiger Verschleiß infolge der Verwendung von in der EU nicht zugelassenen Kraftstoffen.

Die Verwaltung des Gewährleistungsprogramms obliegt dem Monteur; dieser prüft jeden Gewährleistungsanspruch und stellt dem Händler alle in diesem Zusammenhang relevanten Daten zur Verfügung, u.a.:

- | | | |
|---------------------------------|---------------------------------|----------------------------|
| - Name und Anschrift des Kunden | - Einbau- oder Verkaufsdatum | - Teilenummer |
| - Fahrzeugidentifikationsdaten | - Nachweis durch Kaufunterlagen | - Beschreibung des Mangels |

NL Garantievoorwaarden Walker voorwaarden voor uitlaten en onderdelen (enkel van toepassing in EU landen)

De Walker garantie dekt alle fabricage- en materiaal fouten, inclusief abnormale slijtage en dit volgens deze voorwaarden:

Product:	Garantie termijn.
Walker	2 jaar vanaf aankoop door de eindgebruiker

De Walker garantie is niet van toepassing bij producten die doorverkocht worden door de initiële eindgebruiker. Deze garantie zal beperkt worden door de vervanging van de defecte onderdelen.

Worden niet door de garantie gedekt:

- Uitlaten die niet conform aan de Walker catalogus in gebruik zijn genomen
- Uitlaten die aangepast of beschadigd zijn door een foutieve montage of een foutief gebruik van het voertuig, niet conform aan de technische beschrijving van de auto fabrikant of Walker.
- Uitlaten die gemonteerd zijn op een ander voertuig dan diegene waarvoor het bestemd is, zoals vermeld in de Walker catalogus of zijn addendum.
- Vroegtijdige slijtage door hergebruik van montage onderdelen zoals daar zijn: rubberen montage onderdelen, klemmen, dichtingen, dichtingsringen, verbindingstukken, speciale bouten, veren, enz.
- Schade veroorzaakt door een ongeval of door de impact van een extern object (zoals verkeersdrempels, stenen enz.)
- Uitlaten beschadigd door het gebruik van het product in een auto rally of een andere sportieve manifestatie
- Uitlaten die herbruikt of hersteld zijn.
- Defecten veroorzaakt door gebrekkig of foutief onderhoud van het voertuig
- Defecten veroorzaakt door het gebruik van niet conforme EU brandstof.

Het garantie programma wordt administratief bijgehouden door de installateur die elke klacht zal onderzoeken en de distributeur zal voorzien met alle relevante informatie betreffende de garantie zoals:

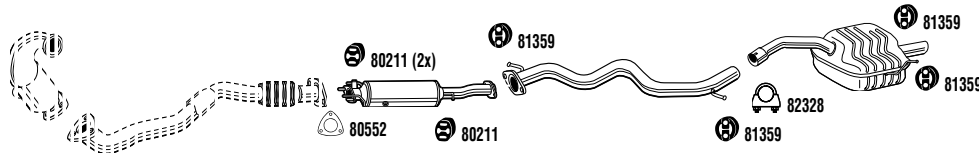

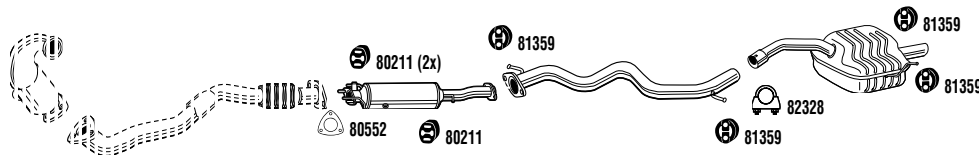

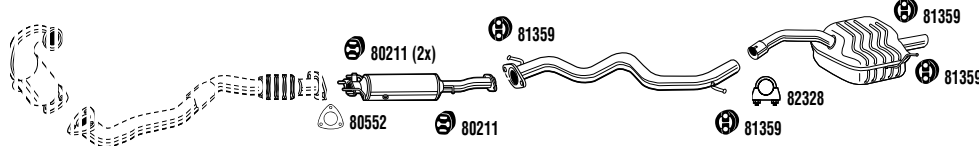

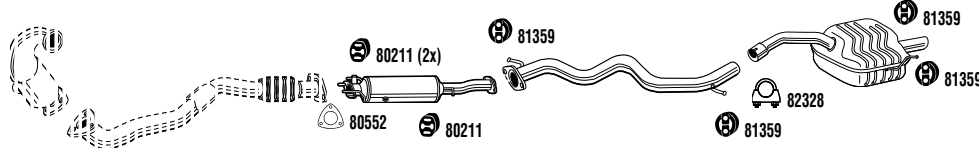

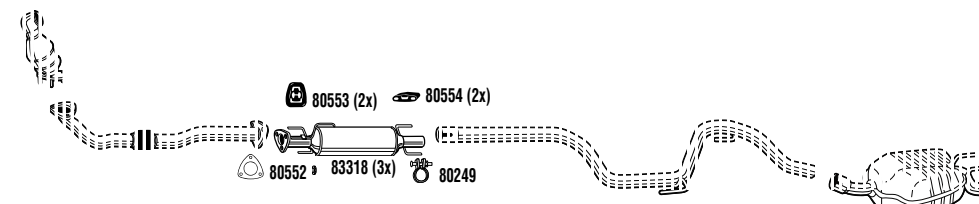

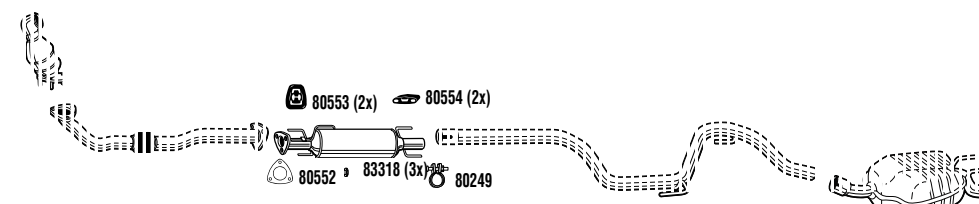

- | | | |
|--|--------------------------------------|--------------------------------|
| - naam en adres van eindgebruiker | - datum van aankoop of montage datum | - nummer van de uitlaat |
| - identificatiegegevens van het voertuig | - bewijs van aankoop | - omschrijving van het defect. |
